

MY SCORE AND MY NOTES

While the other player is telling their story, write down all the words which sound suspicious and which could be the secret word(s) that they have chosen and that you must guess. At the end of the story, say the word(s) which you think is/are the secret word(s). If you guess correctly, you score 1 point per word. If not, the other player scores 2 points for each word which you didn't guess! Whoever has the most points at the end of the game wins!

My score:

My notes / suspicious words:
